WELCOME TO SOUND DESIGN

My passion is matching people with plants and this is what I hope to do for you. Sound Design means understanding what a client wishes to accomplish and making it happen with the plants and materials that are best suited to the conditions.

Design

I design both in 3-D images or in

Dish Gardens

We can custom make a dish garden of indoor plants. Dish gardens are a great gift idea that combine several different plants into one container. We can add a bow and decorative foil to make it even more cheerful.

Houseplants, Succulents, Cacti, and Air Plants

Houseplants are a great way to bring vibrancy and color into your home. They can also enhance your quality of life. Plants naturally absorb carbon dioxide and expel oxygen through photosynthesis.
